

## Teaching Assistant Apprenticeship

The Teaching Assistant Apprenticeship will be responsible for assisting all aspects of planning, delivering, and reviewing our Educational Programmes with support from the Education Mentors. The successful candidate will work with a number of students and will assist the delivery of the programme for small groups or individuals, who have trouble engaging in the classroom. You will learn on the job and develop a good understanding of behaviour management and interventions, as well as being able to engage pupils with creative and inventive activities & resources. Safeguarding is at the forefront of our work, and the successful candidate will have opportunity to understand policies and procedures to ensure all pupils are safeguarded.

The Teaching Assistant Apprenticeship will study a Level 3 qualification in a school delivery based subject such as Teaching Assistant or Learning Support alongside working, whilst also gaining an understanding of the organisation and our projects. The Teaching Assistant Apprenticeship will be given additional support from a mentor within the organisation.

For more information on the role or to apply, please contact the Head of Academy on the details provided below.

*The Positive Impact Academy are here to help people find their limit, give them the knowledge to recognise it and the ability to exceed it.*

*Find. Recognise. Exceed.*
