

New Venue

The Positive Impact Academy are pleased to announce we have now moved into our new venue. As an organisation we have grown and developed over the past year and as a result have upgraded to a more spacious venue. This will now enable the Academy to provide education to more young people and help enrich them in a more inclusive and comprehensive curriculum to meet the needs of all.

We are due to complete some renovation work over the summer holidays and once this has finished we will hold an open to for all young people, parents/carers, referrers and partners.

Our new address is:

The Positive Impact Academy
1 Mill Street
Coventry
CV1 4DF

Thank you for your continued support and we look forward to the next chapter at the Positive Impact Academy.

David Strong
Head of Academy
